

## Appendix 10: Recycling Center Locations

The N.C. Division of Pollution Prevention and Environmental Assistance maintains a list of private commercial vendors in North Carolina that accept many different materials for recycling, including tires, batteries, petroleum and wood biomass. This information is available at: [www.p2pays.org](http://www.p2pays.org)

On the P2PAYS home page, select the “[Recycling Markets](#)” link, circled at left.

That link will take you this page, where you can then select the type of material you wish to recycle, or you can search for vendors by company name.

Once you make your selection, a table of vendor names and contact information will appear.

The example cited below was retrieved by selecting **STEP 1: "Rubber"** >>> **STEP 2: "Tires"**.

*Table of information below was accessed from the website [www.p2pays.org](http://www.p2pays.org) on 03/19/2012.*

## RBAC Directory of Markets for Recyclable Materials

This list was produced by the Division of Pollution Prevention and Environmental Assistance (DPPEA) of the North Carolina Department of Environment and Natural Resources (DENR). This list does not imply endorsement of any company or its products. DPPEA has made every effort to make this directory and the information contained herein as accurate as possible. However, said information is based on data supplied by listed organizations; some information may have changed since it was collected. This list may not be all inclusive; some companies chose not to be included and some may not have been located.

The following companies accept "Tires" from N.C.:
